Dear Friend and Community Partner,

NAMI Bucks County envisions a world where all people affected by mental illness live healthy, fulfilling lives supported by a community that cares. With help from people like you, a friend and partner, we were able to nearly double the number of participants in our support and education programs, calls to our NAMI HelpLine, and attendees at our awareness events in 2019.

I was so comforted and received so much that all of my friends see a difference, I want to be there to pay it forward to the next person that feels the way I had for 22 years. I am in such a different place emotionally thanks to my great friends and your wonderful organization. — Toni

(about our 5K Walk, the Stride for Mental Health Awareness)

Our Impact
1 in 5 Bucks County residents, over 125,000 people, live with the reality of having a mental illness. That makes mental health and suicide prevention everyone’s business. In 2018/2019, with your support, NAMI was able to provide 12,336 hours of support and education to individuals, with that impact being felt by everyone in our community.

Giving Back to Those In Need
In keeping with NAMI’s belief that cost must never be a barrier to increased knowledge and improved quality of life, we charge no fees for support groups, education courses, school and community presentations, or access to our helpline. Furthermore, with rates of suicide increasing and more emphasis placed on mental health, our work is even more vital to those we serve in our local community. We need your help to sustain it and implement new programs to serve our underserved populations.

Your generous gift will directly support program expenses that serve your fellow Bucks County residents. We simply cannot do it without you! Any amount will help. Please complete and return the enclosed card.

We thank you in advance for your support! Your donation will stay local and be used to support the mental health and wellbeing of your friends, family members, colleagues, and neighbors right here in Bucks County.

With gratitude,

Debbie Moritz
